#SANTINIROSA

THESE ARE THE WORLD'S MOST
TECHNICALLY DEMANDING ROADS,
THE MOST IMPERVIOUS PEAKS AND
INSURMOUNTABLE CLIMBS.

THIS IS THE UNCERTAINTY OF EACH
MOMENT - ANGER IN THE SKY
LEAVING RIDERS AT THE MERCY OF
THE ELEMENTS.

THIS IS THE PASSION THAT HAS
ENDURED THROUGH THE
CENTURIES, THE SWEAT, THE
FATIGUE AND THE PRIDE.

THIS IS THE ROAD TO VICTORY.
THIS IS THE WORLD'S HARDEST
RACE.

THIS IS THE MARVEL OF
GIRO D'ITALIA

We've come a long way to get to this 100th edition. In every way.
We chewed up miles and miles, enduring sweat and effort on the asphalt.

The finish line. The start of a new story.

A never-ending adventure, dreaming of glory.

Never-ending like our trophy.

Never-ending like our emotions.

Never-ending like the passion that drove us here.

This means becoming a legend and everyone wants To be there.

Victory will be more than a triumph, it will be history.

An unforgettable Giro, like those people who will dye it pink.

CLASSIFICA GENERALE

RE 942 00 7GI RO

Pink like the "Gazzetta dello Sport" the same color of the infamous newspaper, like those leaflets handed out on the top of a hill and then laid over the stomach as a protection from the cold of the descent. Pink like a champion's dawn.

The pink jersey prerogative of the number one in the place list.

**BEST YOUNG RIDER
CLASSIFICATION**
CLASSIFICA MIGLIOR GIOVANE

RE 942 00 7GI BI

White as a symbol of freshness and even innocence, of cleanliness and even candor, like youth, not to say shyness. White like a sleepless night for a neophyte, a beginner, a novice. The white jersey for the number one among the junior category.

**KING OF THE MOUNTAIN
CLASSIFICATION**
CLASSIFICA GPM

RE 942 00 7GI AZ

Blue as the sky when you raise your eyes on top of the climb, looking for fresh air. Blue as the swollen torrent that floods from the source up to the bottom of the sea. Blue as the waters of a Mountain glacier lake. Such is the Maglia Azzurra of the first Mountain Gran Prix (GPM)

**SPRINTER
CLASSIFICATION**
CLASSIFICA A PUNTI

RE 942 00 7GI RS

Red as fire, like the one who inflames the race, the one who lights up and then burns himself in a sprint. Red like speed, like shivers, like thrill. But nonetheless red as danger. The red jersey for the first classified by the points.

GIRO D'ITALIA 2017 - THE EVENT LINE

La Maglia Nera

The Legend of the "Maglia Nera" – La "Maglia Nera" was a black jersey awarded as a symbolic prize at the Giro (between 1946 and 1951) awarded to the rider to finish dead last in the race. Ironically there was real competition to win this particular jersey. There were legendary struggles to see who could waste the most time and capture the jersey. Each rider employed tactics such as hiding in bars, barns, and behind hedges, or even by puncturing their own tires in order take home the legendary jersey.

STAGE 1-2-3 SARDINIA

The 100th edition of the Giro d'Italia kicks off with three stages on the picturesque Mediterranean island of Sardinia. Our special jersey design incorporates the traditional Sardinian lapwing bird on the rear, intertwined with the infinity symbol to symbolise love. It also ties in nicely with the 100 Giro d'Italia logo. Above the lapwing are the names of the start-finish towns for each stage. The inside neck of the jersey is inscribed with "The infinite island" because of the longevity of its inhabitants. While on the front is the Sardinian flag. The jersey's crystal blue color represents the Sardinian Sea.

STAGE 11 - BARTALI

Stage 11 will start in Ponte a Ema, Florence, the birthplace of the celebrated Gino Bartali, winner of 3 Giro d'Italia titles and 7 King of the Mountains jerseys. But it's for his even more incredible efforts to aid the resistance in World War II for which we honour him with this jersey. He delivered secret messages, smuggled refugees in his bike trailer, and hid a Jewish family in his cellar. All of which only came to light after his death. The back of the jersey bears his famous quote, "Good deeds are done, not spoken about. Some medals hang on the soul, not on your jersey."

STAGE 21 MONZA-MILAN

This unique jersey is a celebration of the 100th edition of the Giro d'Italia. This final stage finishes in Milan, just as it did in its first edition back in 1909. We titled this jersey the "Invincible wave", as this was La Gazzetta dello Sport's headline announcing their creation of the Giro nine months in advance of its first edition. On the backside of the jersey is a stylization of Milan's magnificent Gothic cathedral.
